Mr Greig  
Scottish Field Archery Association

Dear Mr Greig

**Mutual Civil Liabilities - Policy No. RTT242357/IML000541**

Your letter dated 11 September 2008 refers.

The liability cover that is provided to the Scottish Field Archery Association and its affiliated members operates in respect of negligence arising from activities that are recognised and/or approved by SFAA.

Members must be acting under the guidelines, rules and procedures of SFAA at all times in order for the cover to apply. Failure to do so may result in cover being excluded if a member is deemed to be operating outside of the association 'environment'.

In respect of competitions abroad, a member must be travelling on the approval of SFAA. It is therefore imperative that members advise the association of their intention to travel to participate in a competition. As per the comments above, cover may be void if a claim is subsequently brought against the member in respect of an activity in which they were participating, where the association is unaware of the members attendance.

I trust this now clarifies the situation in respect of activities abroad but should you have any further queries then please do not hesitate to contact us.

Yours sincerely
